Your application number 3310505

Dear Mohammed Abdul Jabbar Khan,

With your application you chose one - or more than one - university that requires all its international applicants to have their applications pre-checked by uni-assist. We now completed our evaluation and would like to inform you accordingly:

**Fachhochschule Kiel
Master (FH) - Data Science**

We regret to inform you that your application could not be forwarded to the university you applied to.

Reason(s):

Unfortunately your application is incomplete.

The following documents were either not submitted, or were not sufficiently certified:

- Proof of a standardised aptitude test for admission (an upload is sufficient)
Please enquire at the university about which test is required (e.g. GMAT, GRE, GATE or TestAS) and whether a minimum score must be achieved.

These documents can still be submitted until the application deadline. Please enquire at the university about the relevant deadlines.

You have already submitted this document, but you have not achieved the minimum GRE score for your chosen degree programme. Please enquire at the university about the required score.

You can submit additional GRE results to your My assist account before the application deadline.

**Technische Universität Dresden
Master of Science - Computer Science**

It is our pleasure to confirm that we will forward this application for the programme of your choice electronically to Technische Universität Dresden for final consideration within the next few days. The university will continue processing and inform you in the next few weeks if you can receive an admission for studying or not.

Please direct further enquiries to the Technische Universität Dresden.

This letter is not a confirmation of admission. It serves as proof that you have applied to study at an officially recognized university in Germany.

In case you are not yet living in Germany:

With this letter you can apply for a study applicant's visa at the German Embassy / German Consulate in your country. However, the letter does not grant a legal claim for the issuance of a visa.

**BTU Cottbus-Senftenberg
Master - Artificial Intelligence**
